DEDICATION

*Faith, hope, and love remain, these three,
but the greatest of these is love.*

1 Corinthians 13:13

In recognition of Dr. Paul Farmer's commitment to a
preferential option
for the poor in health care,
we dedicate this book to his patients,
both living and dead, for they are the first witnesses to
his vocation as a physician and a healer.

Global Theological Ethics — Book Series

Series Editors

Jason King, St. Vincent College

M. Therese Lysaught, Loyola University Chicago

The Global Theological Ethics book series focuses on works that feature authors from around the world, draw on resources from the traditions of Catholic theological ethics, and attend to concrete issues facing the world today. It advances the *Journal of Moral Theology*'s mission of fostering scholarship deeply rooted in traditions of inquiry about the moral life, engaged with contemporary issues, and exploring the interface of Catholic moral theology philosophy, economics, political philosophy, psychology, and more.

This series is sponsored in conjunction with the Catholic Theological Ethics in the World Church. The CTEWC recognizes the need to dialogue from and beyond local cultures and to interconnect within a world church. Its global network of scholars, practitioners, and activists fosters cross-cultural, interdisciplinary conversations—via conferences, symposia, and colloquia, both in-person and virtually—about critical issues in theological ethics, shaped by shared visions of hope.

Online versions of the volumes in the *Global Theological Ethics* series are available for free download as chapters at jmt.scholasticahq.com. Paper copies may be purchased from Wipf & Stock. This dual approach reflects the *Journal of Moral Theology*'s commitment to the common good as it seeks to make the scholarship of Catholic theological ethicists broadly available, especially across borders.
